## EDUCATION :

May 2012 - Mar 2016

**Chulalongkorn University**

Bangkok, Thailand

*Bachelor of Mechanical Engineering*

- Graduated with Second Class Honors; GPA: 3.49

## WORK EXPERIENCE :

May 2023 - Present

**Siamrajathanee Pub Co., Ltd**

Samutprakarn, Thailand

*Full Stack Developer, IT Department*

- Led the development of the TikTrack HR web application, a platform empowering HR administrators to efficiently manage a range of functions. This covered both in-house employees and external employees, including outsourced staff
- Designed an intuitive and responsive user interface using technologies like ReactJS, NextJS, and Antd components, ensuring a seamless and user-friendly experience
- Collaborated closely with backend developers to meticulously design and integrate RESTful APIs. This integration facilitated robust CRUD operations

Jul 2021 - Mar 2022

**SCB Securities Co., Ltd.**

Bangkok, Thailand

*Product Manager, Product Development Section*

- Oversaw the foreign exchange system for the Easy Invest application
- Resolved issues related to all offshore products and implemented effective solutions
- Developed and implemented a streamlined process for adding new foreign exchange currencies to the application
- Designed a new process for Thai mutual fund margin loan product
- Collaborated with stakeholders to reconcile FX conversion transactions

Jun 2016 - Jun 2021

**Toyota Motor Thailand Co., Ltd.**

Samutprakarn, Thailand

*Chief Quality Engineer, Customer Quality Engineering Section*

- Analyzed and visualized aftermarket problems, and collaborated with other departments to identify and implement effective solutions to reduce warranty claims and improve customer satisfaction
- Led and organized a problem-handling committee for new vehicle models, working closely with other departments to quickly resolve customer complaints and issues
- Facilitated the prevention of vehicle problems through recurrent analysis and collaboration with relevant departments

## EXTRAS :

Jan 2023 - Mar 20223

**Full Stack Developer Bootcamp by Sprinttech**

- Completed a 3-months intensive coding bootcamp focused on Full Stack Web Development, gained hands-on experience working with React, TailwindCSS, NodeJS, TypeScript, and developed several full-stack projects

## SKILLS :

**Programming Languages:** JavaScript, TypeScript, HTML, CSS, SQL

**Libraries & Frameworks:** React, NextJS, TailwindCSS, NodeJS, Express, Prisma, Jest

**Tools & Platforms:** Git, GitHub, GitLab, Vercel, Firebase, Postman
